

MIMIKAI™

BARRIER SKINCARE

MEET THE PURISTS

Quinn | Age 30

San Diego Nurse

Skin Type: Dry

Primarily discovers via **WOM**

Struggle: Constant sanitization intensely dries hand skin, worries moisturizer will further irritate

“Hand sanitizer burrow beneath hair follicles and bleed my hands... moisturizing is an issue”

QUINN

Joann | Age 38

Northridge Nurse

Skin Type: Dry, Sensitive

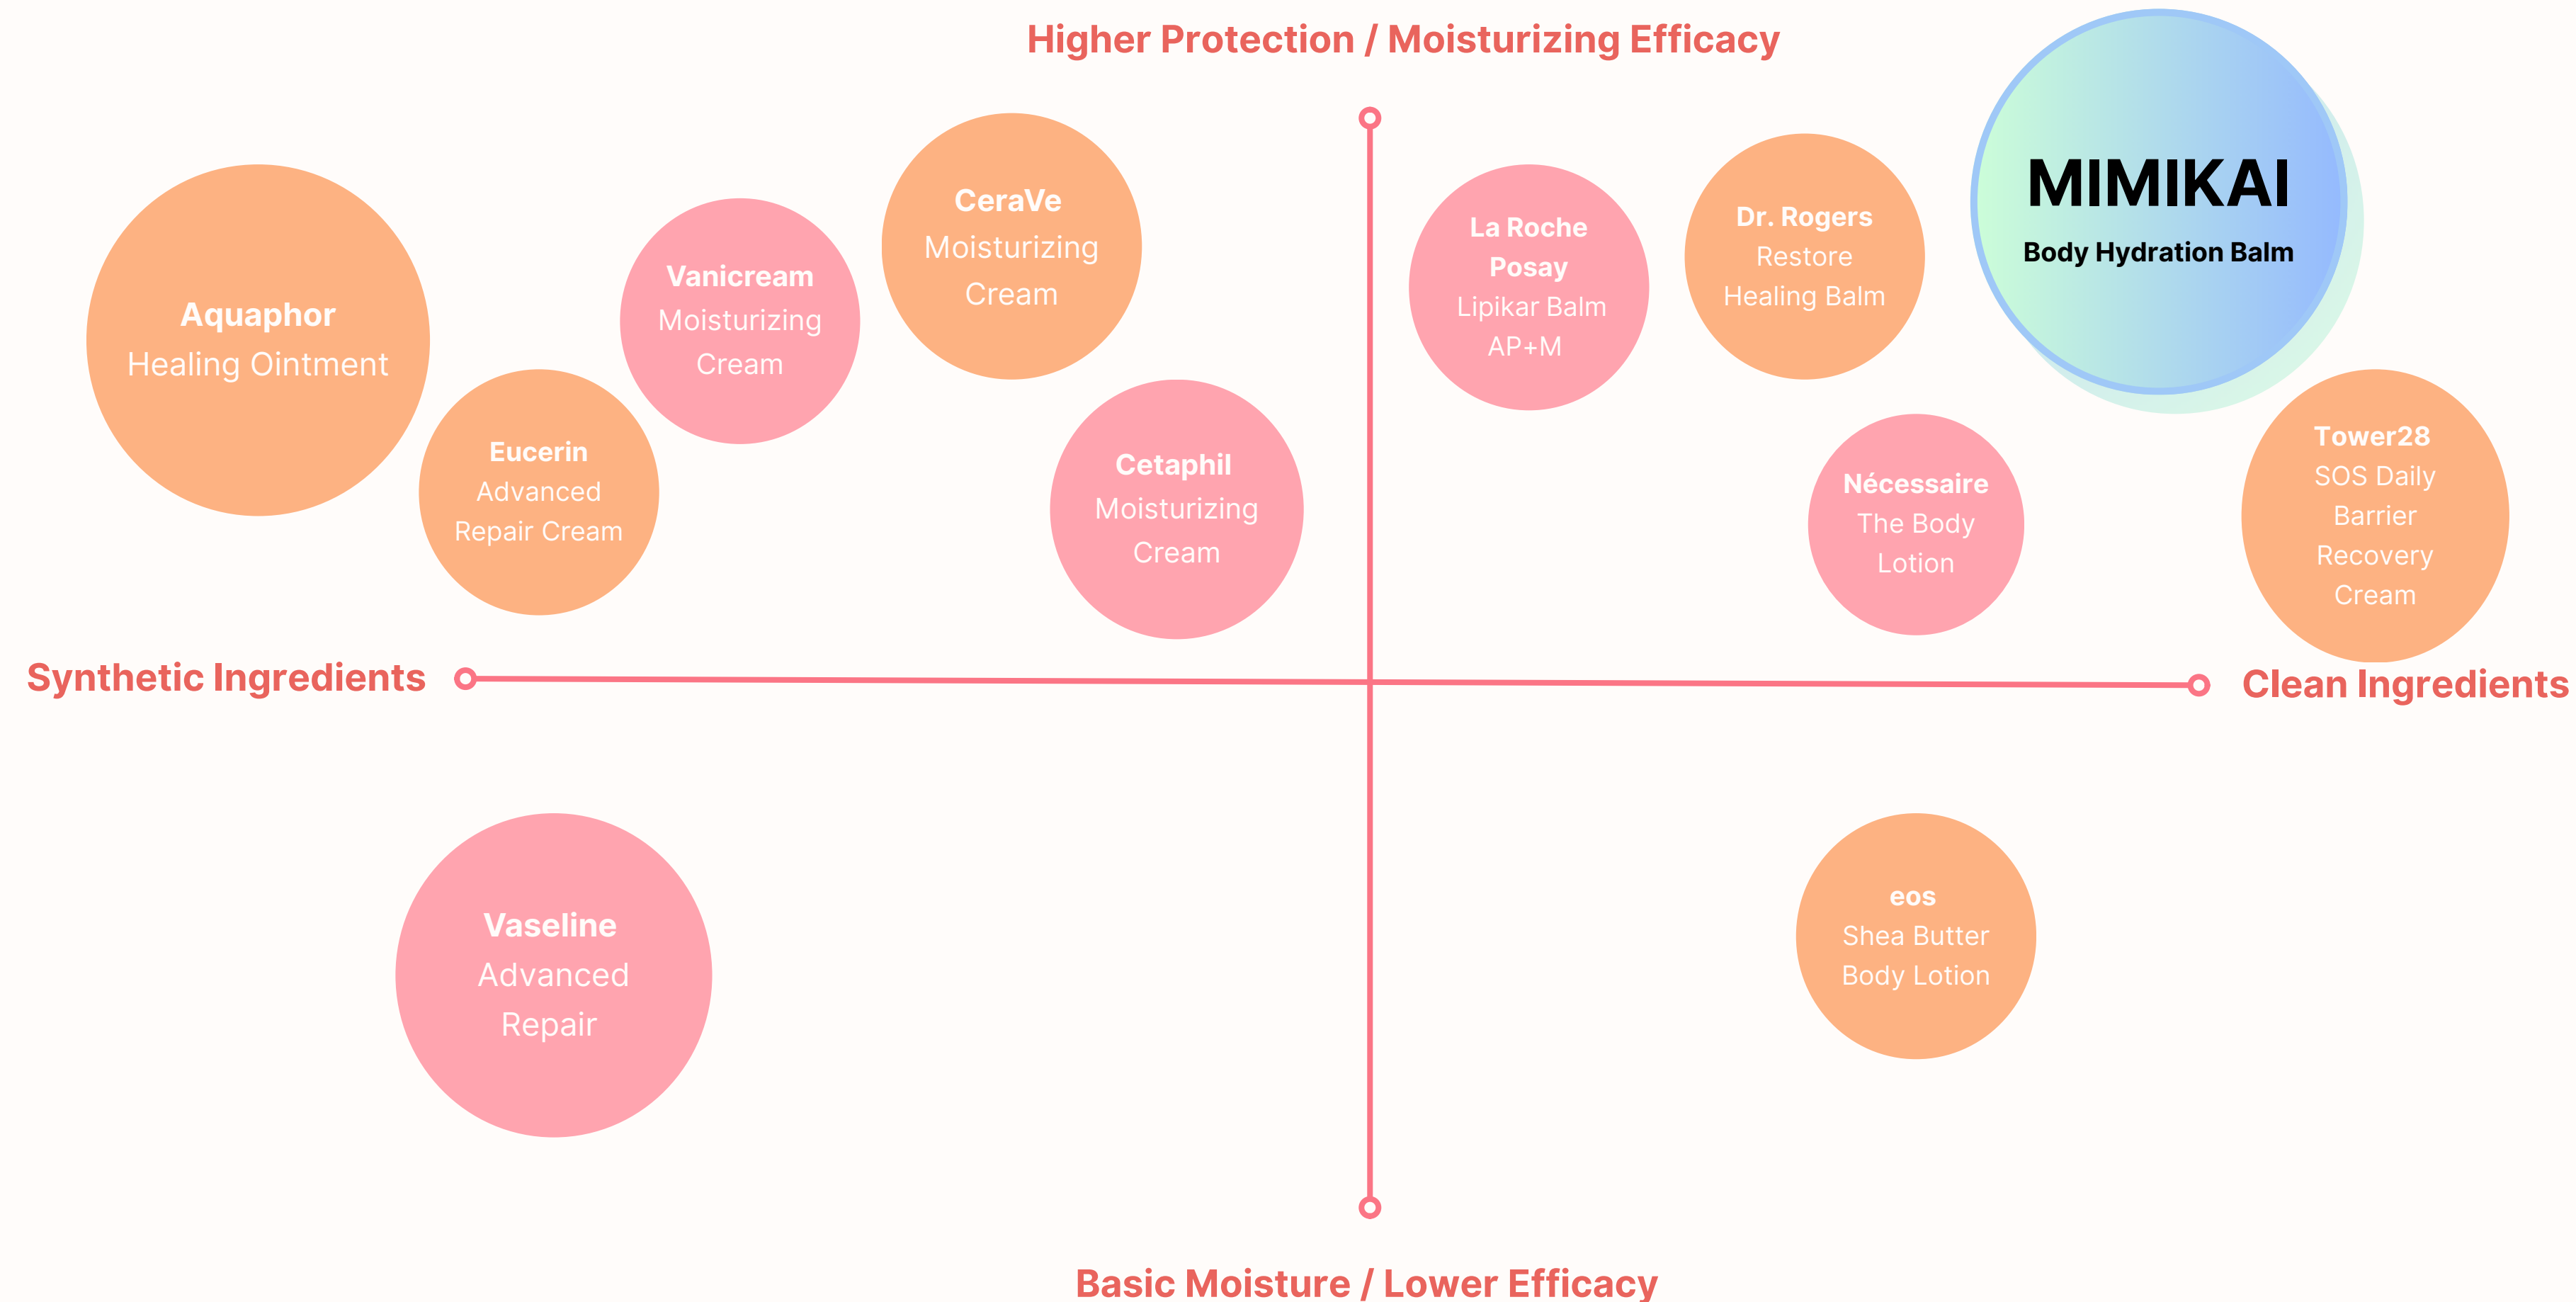

Insight: Medical professionals with an online presence hold the expertise credible for the most accurate and honest review

“If content creator is giving advice, who is not medically trained, I won’t trust that advice”

Harsh | Age 28

Dartmouth EMT

Skin Type: Dry, Sensitive

Insight: Gets very cold on the east coast, so sensitive skin has trouble holding moisture, especially in the cold months

“As someone with medical expertise, I always read the ingredients before buying a new product to make sure I know what I’m putting on myself.”
